- Our mission is to eliminate all forms of sexual violence and advocate for the rights and needs of victims of sexual assault.
- Our two main divisions are the **National Sexual Violence Resource Center (NSVRC)**, which provides resources and prevention strategies at the national level, and the **Pennsylvania Coalition to Advance Respect (PCAR)**, which focuses on advocacy in Pennsylvania.
- **NSVRC** provides information and tools to organizations and advocates across the U.S. to end sexual abuse, assault, and harassment.
- **PCAR** partners with a network of rape crisis centers that serve all 67 counties in the commonwealth, providing support to survivors and promoting safe, respectful communities.
